

**ALWAYS® INFINITY
HAVE A HAPPY PERIOD.**

In September 2008, Procter & Gamble introduced a breakthrough in the feminine care category: Always Infinity. Always Infinity features a unique material and product design to make it the most innovative pad in the market!

The innovative features of Always Infinity offer miraculous absorbency with a breakthrough overall protection experience. Always Infinity provides women victory over their heavy days! Research shows that after using Always Infinity, many women feel that their heavy days are lighter. This is because Infinity draws fluid away from the skin and distributes and stores it in the bottom layer of the pad.

Product	Absorbencies/Sizes	Benefits
Always Infinity Ultra Thin Pad with Wings	<ul style="list-style-type: none">• Regular Flow (18/36ct)• Heavy Flow (16/32ct)• Overnight (14/28 ct)	<ul style="list-style-type: none">• A new, incredibly soft cover that is gentle to the skin while the fluid transfer properties of Infinicel help keep the soft cover dry throughout use.• Microdots™ in the center of the Infinity pad are designed for fast absorption, guide the fluid towards the inside of the pad, and helps provide women with better fit.• Revolutionary, new wing design that allows the wing to fit the curvature of the panty and provide optimal coverage at the panty's sides during use.• Form-fitting channels help that pad achieve a better three-dimensional body fit.• Wider back provides increased coverage where it is needed most.

Availability
